This cure period shall be at least ten (10) business days long unless urgent circumstances justify a shorter time. The breaching party must cure its breach within the cure period. If the breaching party has failed to cure the breach within the cure period, the other party may then terminate the contract by serving a termination notice.

THA may terminate the contract if its funding for the contract either is eliminated, reduced, or used up. In that event, THA shall give CONTRACTOR written notice of the termination as far in advance as possible.

SCHEDULE FOR WORK
PAYMENT FOR WORK**

1. SCOPE OF WORK; SCHEDULE OF WORK

The scope of work and schedule for work is attached to this Contract as Exhibit A.

2. PAYMENT FOR WORK

THA will pay CONTRACTOR as follows within the maximums and other limits set forth in section 2 of this contract with fee scheduled outlined in Exhibit B of this Contract.

EXHIBIT A TO ATTACHMENT A

A. Security Officer Requirements: Security Officers performing services under the contract to be executed based on this RFP must:

- Be 21 years of age or older.
- Have completed training and be licensed to provide security services.
- Not be armed. However, Security Officers may carry pepper spray.
- Be in uniform at all times while on duty. Any uniform will be approved as long as it identifies them as Security with an identification badge and security insignia.
- Comply with the requirements of the security company's Employee Handbook.
- Have a recent and regularly (annually) scheduled personal background check and be free from all felony and misdemeanor convictions deemed unacceptable under Senate Bill 60
- Not be a user of illegal drugs or an abuser of alcohol.
- Possess valid First Aid and CPR Certification
- Ability to comprehend written, verbal and conversational communication in the English Language.
- Ability to write clear and concise reports in a legible handwriting in English.
- Able to lift or carry 50 lbs
- Possess a valid unrestricted driver's license at the time of employment

B. Patrol Duties: Security Officers shall sign-in at the start of their shift at the designated location, typically the management office, and patrol and provide security checks at key points in each community to provide maximum security for the residents and property, including the perimeter of the fenced construction zones. These security checks shall be varied and conducted randomly throughout each shift.

C. Methods of Patrol and Communication. Following the Security Services Procedures on Exhibit B of the RFP, the security company shall provide two uniformed bike or vehicle patrol officers for each community. Generally, patrol vehicles, one per community, are to be used and will be used in addition to foot and bicycle patrols. All patrol vehicles must be supplied by the security company. In some instances bicycles or on-foot patrols may be the only options due to the site configuration. During summer months, bicycle patrols should be an option for the patrolling officers for all communities in order to make a better connection with the residents in the areas. In order to ensure continuity of services and that the Security Officers become familiar with the residents and dynamics of each community, the security company shall ensure that specific Security Officers assigned to each community remain constant over time and shall make all efforts to not change Security Officers during the term of the contract to be executed based on this RFP. Security Officers must:

- Be equipped with a radio and/or cellular phone (cell phones are preferable) in order to maintain direct communication with one another during the time when both officers are on duty at any of the communities;
- Be equipped with a pager and/or cellular phone (cell phones are preferable) in order to receive and respond to calls from residents, homeowners, agency site staff or Management at all times. The contact telephone number for the Security Officers may not be changed during the term of the contract to be executed based on this RFP.
- Respond within 30 minutes or less to telephone calls from residents, homeowners, agency staff, or management.
- Maintain and have available at all times while on duty a list of key community and management contacts, and make direct contact with on-duty THA management and/or agency staff as necessary.
- Go to residents' and/or homeowner homes, as needed, to respond to security concerns.

- Complete a one-time orientation with the TPD Community Officer(s) and Property Managers at THA before beginning patrol duties at the locations. To be determined after contract award and not paid for by THA. This is not a billable orientation.
 - Since known problems take priority, the Security Officer is not to leave the scene of one problem to perform other assigned duties, until dismissed by a TPD Officer, if summoned, or another Security Officer.
- D. Communications with Residents, Homeowners and Youth. Security Officers shall interact positively and encourage effective communication with residents and homeowners. In particular, to the greatest extent possible, Security Officers shall interact and dialogue with the youth of each community, in order to reinforce positive behaviors and to provide alternative behaviors for youth who are violating community rules and/or creating disturbances. To assist Security Officers in their communication with residents, THA shall provide the security company with the name of the language spoken by each resident, as well as the names of residents who are available to translate for the Security Officers as needed. THA will negotiate with a designated translator to be determined at a later date.
-
- E. Communication with the Tacoma Police Department (TPD) and Puyallup Tribal Police. Officers of the TPD and Puyallup Tribal Police are a critical element in maintaining security and law enforcement THA communities. The security company shall ensure that the Security Officers work cooperatively with, and establish and maintain good, positive communications with the police and the Community Policing officers assigned to the geographic area. It is anticipated that Security Officers will work with the Community Policing Officers, when available; otherwise, the Security Officers shall work directly with TPD and Puyallup Tribal Officers.
- F. Domestic Violence. Security Officers must record domestic violence and other family disturbances and contact the TPD immediately.
- G. Cooperation with THA Personnel. The security company and its Security Officers shall work cooperatively with the THA Property Management Director and the Property Managers and staff. The security company shall work with THA staff to deliver 3 day notices, appointment letters eviction notices and Show & Tell letters, and other correspondence when necessary. Security Officers might also be requested to testify in THA grievance proceedings and in court.
- H. Premises Checks. On each shift, Security Officers shall patrol THA owned communities, including the rental and for sale properties, the perimeter of the construction zone, areas of high activity, and agency and management offices, as specified by THA. They haven't had a contract with us since January 2012 and I'm not sure why as we don't have their file anymore. I don't think your use meets the DPPA which is the federal law. But I need to review everything with my manager. I have attached links to the federal and state laws for your convenience. Thank you.

I am not sure why it is so difficult , we won this contract from Secure Trans/McRoberts Security company and they used it for Tacoma Housing, I even have a copy of their post orders explaining to the officers how to use VIP5, so I am not sure what the difference between their scope of work and ours,

Thank you. I have reviewed this with my manager and we have a couple more questions. On you application your stated "Frequent history or abandoned/stolen vehicles that need to be removed from property", how will using IVIP5 help you with this? Also in your contract it states that you will ticket and tow vehicles that violate THA or Salishan Association community parking rules. How will using IVIP5 help with this? Please provide as much information as you can. Thank you.

Couldn't you just call Tacoma PD to find out if it is stolen or not? Sometimes it takes a while for our system to have the stole flag so it might not be up to date. So it would seem that it would be better to call Tacoma PD.

If the vehicle has been sitting for a long time or appears it's been broken into then we would run the plate if it's stolen then we call Tacoma pd who work closely with in the housing development. If it is violating tha rules we just have it ticketed or towed no ivips
